

Radiant Hair

Any Woman Can Have it by Using Parisian Sage

Madam: If you don't see just what you would like to be, why don't you use Parisian Sage? If it does not put life and luster into the hair and cause it to grow abundantly, you can have your money back from Henry Evans and James O'Donnell.

"I cannot say enough in its favor. Two years ago I lost all my hair. I saw Parisian Sage advertised and thought I would try it. Before I had finished using the first bottle my hair had stopped falling and my head was covered with wavy hair; also removed all dandruff, and today I have a lovely head of hair.

"I think Parisian Sage the best hair restorer and dandruff cure in the world today. It also makes the hair clean, shiny and silky, and I would recommend it to every one who wishes a hair restorer and beautifier."—Miss Mary E. Dickson, 287 South Ave., Bridgeport, N. J., 1910.

For men, women and children there is no hair preparation that equals Parisian Sage; it never disappoints; it does just what the American makers advertise it to do. It banishes dandruff, kills the dandruff germ, stops falling hair, restores hair, also removes all dandruff, and today I have a lovely head of hair.

Large bottle, 50 cents.
